

Hello Students,

Just to let you know what's going on during our break for the Corona Virus.

We have been asked to give you some extra credit work and resources for you to complete from 3/16/20 to 3/26/20. Any work completed will receive extra credit.

Since our course is online, I'm going to ask you to check into Netacad for the latest updates on the class. I will also be sending this message in an email to the whole class.

Course Related Work that can be completed during the break: This work was already assigned, and you can complete it during the break if you haven't finished it:

[Chapter 12: 12.1.1.7 Lab - Snort and Firewall Rules](#)

[Chapter 12: 12.2.1.5 Lab - Convert Data into a Universal Format](#)

[Chapter 12: 12.2.2.9 Lab - Regular Expression Tutorial](#)

[Chapter 12: Lab 12.2.2.10 - Extract an Executable from a PCAP - ILM](#)

[Chapter 12: Lab 12.4.1.1 - Interpret HTTP and DNS Data to Isolate Threat Actor - ILM](#)

Extra Credit Work:

Start Chapter 13: [Launch Chapter 13](#)

[Chapter 13 Terms and Concepts Review](#)

[Chapter 13 Terms and Concepts Review-2](#)

We will be done with the course work after Chapter 13. We will then move on to the course review, practice exams, and the skills challenge. If you would like to during the break you can take the two Cyber Ops Practice Finals. You may also get started on the Skills Challenge.

[SECFND \(210-250\) Certification Practice Exam](#)

[SECOPS \(210-255\) Certification Practice Exam](#)

[CyberOps Skills Challenge: Mission 1](#)

That's all for now. Remember to check your email, and check into Netacad for updates to what's going on while we are out of the classroom.
