REOPENING READINESS STATUS

We are making continuous progress toward preparing our facilities and our staff for an eventual return to in-person learning. Prior to reopening, the Alameda County Public Health Department requires districts share a detailed plan outlining how various safety requirements will be met. This reopening readiness chart will be updated regularly to provide clear information to the community about the status of our progress.

FACILITIES AND TRANSPORTATION	HEALTH AND SAFETY	INSTRUCTION	GOVERNANCE
Established arrival / departure procedures	Establish daily self-assessment plan for staff and visitors	Hybrid Learning Schedule	Establish cleaning and disinfecting training and protocols
Completion of bus transportation plans	Establish daily self-assessment plan for students	Completion of break plans	COVID-19 health and safety training
Assessment of ventilation systems and installation of upgraded filters	Establish COVID-19 district liaisons	Substitute staffing plan	Staff assessment and needs
Purchase & installation of barriers (plexiglass) for front offices	Establish reporting and contact tracing protocols	Internships	COVID-19 screening tests for employees
Health protocol signage posted	Adequate face coverings for students and staff	CTSOs	COVID screening for students
Spacing and directional markers for social distancing	Purchase of cleaning and disinfection supplies		Communications plan for families
Installation of hand sanitizer stations	Completion of COVID-19 school campus safety plans		
Repair of broken faucets and add soap			

STAGES OF PROGRESS
